

KC Recognized for Energy Savings After "Green" Renovations

KVH has gone green! Following the completion of [renovations](#) to KVH's Tinley Park facility a few months ago, KC received an energy savings certificate from BlueStar Energy Services™ in recognition of the positive impact the new, energy-efficient design is having on the planet. Check out the certificate below for all the details – the Tinley Park facility's lighting is 70% more energy efficient than the "standard building model." Great job!

KVH ENERGY SAVINGS PROJECT

In 2007, KVH completed an energy conservation project to the lighting system in this building. The results make this building's lighting 70% more energy efficient than the "standard building model" in ASHRAE 90.1-2001.

ENERGY & POLLUTION REDUCTIONS PER EPA

 <p>134,119 kWh energy reduced on an annual basis</p>	 <p>116 tons CO2 467 lbs. SO2 778 lbs. NOx reduction of greenhouse gas on an annual basis</p>
---	---

CONSERVATION EQUIVALENTS PER EPA

 <p>19 cars off the road for one year</p>	<p>or</p>  <p>2,146 trees absorbing pollution for 10 years</p>
---	--

Thank you KVH for doing your part!
